Subject: Wireless @ Wakefield

Murray,

I am just sending a short note to say thanks for the professional attitude your staff have. I have been liaising with one of your engineers to get the new wireless link working and he has been great to deal with (I think it was Shawn/Sean??). When he spoke to me this morning we tried to get connectivity but alas, no power. He promptly went and made sure everything was on and we had lights accordingly..... as soon as we had this we tested and all worked.....

Once again thanks for everything, makes it very easy to deal with people remotely when you have a professional outfit like yours.

Thanks

Brett Abela
